Dear Students,

I am happy to reach you all through this circular. I am sure all of you are keeping fine and healthy.

Many of you are anxious about your exams and re-opening of the college. Certain clarity is yet to emerge regarding these important issues at the Government level. We shall wait for the direction from the Government, until then we shall engage ourselves fruitfully.

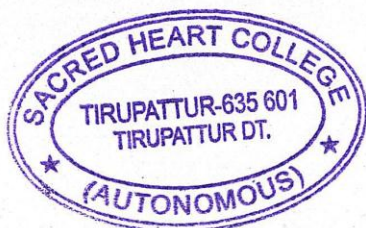

The Heads of various departments have agreed to engage 3rd year students (Batch 2018-2021) and 2nd year students (Batch 2019-2022) through MOODLE platform in a limited way. The department faculty will inform you about the schedule and the timing of the online classes. Students are directed to follow the instructions of the course teachers and extend your utmost co-operation.

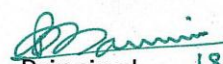

I am totally aware of the challenges faced by all of you with regard to connectivity and technology based issues in remote areas. Yet these challenges should not deter us in embracing new technologies. I call upon all the students to be proactive and with positive frame of mind approach the new way of teaching and learning until college re-opens.

I wish to gratefully remember all the faculty who have so generously adopted themselves in to the new mode of teaching.

Once again I wish to thank the student community for your co-operation.

God bless you and your family members.
