- You should be a person who has already volunteered for some good cause.

## Role of Young Volunteers – At a Glance

Volunteer involvement is vital to a just and democratic society. It fosters civic responsibility, participation and interaction. The world witnessed the precious contributions of volunteers during the Covid Pandemic situations and other crisis situations. Knowing the danger of Covid, the selfless service of volunteers is remarkable. Volunteer involvement strengthens communities and ultimately the nation. It promotes change and development by identifying and responding to community needs. Volunteer involvement mutually benefits both the volunteer and their society.

In the process of engaging the young volunteers, need for building capacity in terms of their attitude, knowledge and skill towards efficiency in their volunteering services were identified. Hence, this three-day capacity building programme envisages to impact the attitude, knowledge and skills of young volunteers to contribute better in their future ventures.

### Objectives of the Programme:

This program aims to identify the youth who volunteered for various social and environmental causes and;

1. Enhance their conceptual and theoretical understanding on volunteerism.
2. Increase their understanding on the roles and responsibilities on the field.
3. Enhance their skills to deal with personal and needs of the society
4. Enhance their capacity to respond effectively during crisis situations.

### How many will be selected for this programme?

Only 40 youth will be selected based on their justification through the registration form.

### Will Certificate be given?

Yes, Sacred Heart College (Autonomous), Tirupathur and RGNIYD, Sriperumbudur will be jointly issuing you the certificate.

### What will you gain from this programme?

This capacity building programme would have;

1. Supported you to deepen your understanding of the concept and theories of volunteerism,
2. enhanced your understanding about your roles and responsibilities as a volunteer,
3. enhanced your volunteering skills to manage personal and social issues and
4. Increased your capacity to respond as an efficient volunteer during crisis situations.
