Department of Commerce
Feedback Analysis and Action Taken Report

AY: 2020-2021

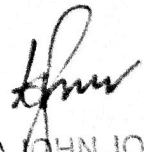

Feedback Analysis:

The Department has analysed the feedback of the employers of our students and from the analysis the following points were observed.

Our students have displayed good professional ethics in their work places. They stood out for their sincerity and team work. They also show an eagerness to learn from their peers and show a keen interest in growing up in their career. Some of them have struggled in communicating their ideas especially in English, though they work hard to improve. Some of them were found to be initially lacking the technical skills especially in using computers in their work places. But have adopted well by updating their skills.

Action Taken Report:

The Department has taken efforts to grow up with a strong value system. The Department make use of the Department level good mornings talks in which the staff members share inspiring stories and messages to inculcate good values in the students. The students are also encouraged to presentations with a view to overcome the stage fear. The Department has introduced computerized accounting using Tally ERP 9 course in the syllabus to impart the much-needed digital accounting knowledge to our students.
