Department of Commerce
Feedback Analysis and Action Taken Report

AY: 2022-2023

Feedback Analysis:

The Department has analyzed the feedback of the employers of our students and from the analysis the following points were observed.

The students have shown good knowledge in the subjects that they have studied. They were able to perform well in the works assigned to them. They have progressed well in their work and are hard working. They sometimes struggle in being confident in their abilities. They have also displayed a fair amount of integrity and honesty and show a genuine interest in the growth of the organization.

Action Taken Report:

The Department makes use of the skill courses to impart to our students the skills required by the employers. They were given group assignments, projects and presentations to inculcate confidence and to help them overcome the stage fear. Workshops on personality development and language skills are organized to train them to face the demands of the employers. The Department continues to focus on imparting to our students sound knowledge on the subjects they learn. Our new courses on computer skills and certificate course on GST were found to be very useful for our students to fulfill the demands of the employers.
