ACTION TAKEN REPORT- FEEDBACK REPORT OF STAKEHOLDERS- 2019-2020

This document outlines the actions taken in response to invaluable feedback from stakeholders regarding the PG Diploma in HRM curriculum. The feedback, gathered through interactive meetings and direct engagements, encapsulates a diverse spectrum of perspectives from stakeholders deeply involved in shaping the curriculum.

A pivotal insight derived from the stakeholder feedback emphasized a collective endorsement of integrating Information and Communication Technology (ICT) teaching pedagogies. Understanding the significance of adapting our teaching methodologies to meet the evolving educational landscape, the department promptly addressed this consensus.

Starting from the forthcoming academic year, the department has proactively woven ICT teaching methods into the core of our instructional approach. This strategic pivot is aimed at enriching the student learning journey, equipping them with practical skills and competencies vital for success in the digital age, a crucial facet of modern HRM practices.
