PG AND RESEARCH DEPARTMENT OF CHEMISTRY

FEED BACK ANALYSIS AND ACTION TAKEN REPORT

PG - 2019 – 2020

Feedback Analysis:

The meeting commenced with an extensive review of the PG syllabus for both I and II PG Chemistry. Corrections and feedback from course teachers were noted for each respective paper in the PG syllabus. This included suggestions for enhancing content and ensuring alignment with industry trends and research developments. The discussion aimed at addressing the specific concerns and recommendations put forth by the course teachers to enhance the overall quality of the PG Chemistry curriculum.

After a thorough and detailed discussion, the meeting unanimously resolved to carry out the noted corrections in the next revision of the PG syllabus. The commitment was made to implement the suggested improvements to enhance the academic experience for PG Chemistry students.

Action Taken Report:

1. Corrections and feedback from course teachers were meticulously documented, specifying the respective papers and the nature of the suggested changes.
2. A comprehensive plan for the revision of the PG Chemistry syllabus was initiated, incorporating the noted corrections.
3. Collaboration with course teachers continued to ensure a smooth integration of their feedback into the syllabus.
4. The introduction of online courses was discussed and evaluated in light of the current educational landscape. A plan for the development and implementation of online courses was initiated to provide additional flexibility and accessibility to students.

The meeting concluded with a commitment to continuous improvement in the PG Chemistry curriculum. The action taken report outlines the steps taken to address the feedback received during the syllabus review and the initiation of online courses, ensuring a comprehensive and timely implementation of the resolutions made during the meeting.
