Every Good Work

SACRED HEART COLLEGE (AUTONOMOUS)

Tirupattur – 635 601, Tamil Nadu, S.India

Resi : (04179) 220103

College : (04179) 220553

Fax : (04179) 226423

A Don Bosco Institution of Higher Education, Founded in 1951 * Affiliated to Thiruvalluvar University, Vellore * Autonomous since 1987

Accredited by NAAC (4th Cycle – under RAF) with CGPA of 3.31 / 4 at 'A+' Grade

FEEDBACK ANALYSIS AND ACTION TAKEN REPORT

SACRED HEART COLLEGE (AUTONOMOUS)

PG DEPARTMENT OF BIOCHEMISTRY

2021-22 [ODD SEMESTER]

Feedback Analysis:

Employer feedback on graduates from the PG Biochemistry Department indicated successful placements as Biochemists, Research Associates, and Medical chemists. Employers praised graduates for their interdisciplinary knowledge, computational skills, and their ability to apply physical principles to biological systems. The graduates were recognized for their innovative approaches to problem-solving.

Action Taken Report:

The PG Biochemistry Department's curriculum is designed to bridge chemistry and biology, emphasizing computational modeling and experimental techniques. Practical training includes the application of biochemical methods in research. A communication skills program enhances students' ability to communicate complex concepts. Continuous updates to the curriculum ensure graduates are well-equipped to contribute to advancements in biophysics and related fields.

Tirupattur

FEEDBACK ANALYSIS AND ACTION TAKEN REPORT

SACRED HEART COLLEGE (AUTONOMOUS)

PG DEPARTMENT OF BIOCHEMISTRY

2021-22 [EVEN SEMESTER]

Feedback Analysis:

Feedback from employers of graduates from the PG Biochemistry Department highlighted successful placements as Immunologists, Clinical Research Associates, and Vaccine Development Specialists. Employers praised graduates for their understanding of immune system mechanisms, research skills, and their ability to contribute to advancements in immunological sciences.

Action Taken Report:

The PG Biochemistry Department's curriculum emphasizes a comprehensive understanding of immune responses and diseases. Practical training includes laboratory work in immunological techniques. The curriculum is regularly updated to align with emerging trends in immunology and vaccine development. Communication skills are honed through presentations and discussions. The department collaborates with research institutions to enhance students' exposure to cutting-edge developments in immunology.
