FEEDBACK ANALYSIS AND ACTION TAKEN REPORT

SACRED HEART COLLEGE (AUTONOMOUS)

PG DEPARTMENT OF BIOCHEMISTRY

2022-23 [ODD SEMESTER]

Feedback Analysis:

Employer feedback on graduates from the PG Biochemistry Department highlighted successful placements as Geneticists, Research Scientists, and Biotechnology Analysts. Employers praised graduates for their effective communication, sense of responsibility, and timely completion of tasks. The graduates were commended for their leadership qualities, exceptional technical skills, and practical knowledge crucial for advancements in genetics and molecular biology.

Action Taken Report:

The PG Biochemistry Department has strategically tailored its curriculum to be practical-oriented, significantly contributing to the employability of its graduates. An intensive communication skills program in the first year enhances graduates' ability to communicate complex genetic and molecular concepts. The curriculum encourages participation in national and international seminars, fostering presentation skills. Regular updates to the curriculum ensure alignment with the latest developments in genetics and molecular biology, enhancing graduates' readiness for prestigious roles in research and biochemistry.
