They also felt that the availability of text books, Usage of technology follow up of the students and usefulness of the test are excellent. Few of them viewed that the subjects may be introduces with advanced and new apps in computer papers may be enhance the students skill to perform their jobs more effectively

## Action Take Report for the academic year 2020-2021

As per suggestion given by different types of stake holders, we plan to make some of the changes in the curriculum of B. Com (CA).Employers were expecting the students with more practical knowledge on computer papers.  As per recommendation, we will modified on the content of subjects like RDBMS, Financial accounting and Corporate Accounting

We also plan to incorporate the Cost accounting I & II in the syllabus. It exposes students to know more elaborate knowledge about cost accounting concepts. Computerized Accounting subject divide in to two and offer the same in the fifth semester (Computerized Accounting – I) and sixth semester (Computerized Accounting – II).  This proposed corrections to be followed revised syllabi of B.Com (CA) degree from the academic year 2021-2022 onwards.
