He also explained on the Sampling techniques, descriptive statistics, regression and analysis of variance along with parametric, nonparametric, multivariate, categorical data and time series. He also explained on the statistical tools namely standard deviation, regression, hypothesis testing, and sample size determination. Research Forum Joint-Secretary Mr. D. Janagaraj of II BA Economics expressed his words of gratitude. Students actively participated in the programme.

INVITED TALK ON “RESEARCH AND ITS IMPORTANCE”

14.03.2022

An Invited Talk on “Research and its Importance” was organized on 14.03.2022. All the Research forum students participated in the programme. Research Forum Secretary Mr. P. Prabakaran of II MA Economics welcomed the gathering. Research Forum President Dr. R. Kurinji Malar introduced the Resource Person Dr. D. Joy Christina, Assistant Professor, Department of English, Sacred Heart College (Autonomous), Tirupattur. Resource person in her talk explained about research which is the foundation of knowledge and an important source for providing guidelines or norms for solving different social, business, or governmental problems. She also explained that Research is a variety of formal training which enables us to understand the new developments in one's field in an efficient way. Research Forum Joint-Secretary Mr. D. Janagaraj of II BA Economics expressed his words of gratitude. Students actively participated in the programme.

Applications of Mathematics in Different Fields (Dept.ofMaths)

Date : 30.09.2021
Time : 2.30 pm to 3.30 pm
Resource Person : Dr. F.Silviya, Assistant Professor of Mathematics, Sacred Heart College (Autonomous), Tirupattur.
Title : **Applications of Mathematics in Different Fields**
Mode : **Online - Google Meet**

The Webinar was started with Prayer service conducted by A.Nancy Navotana from II M.Sc Mathematics. Dr. S. Kalaiarasi, Dept. of Mathematics, welcomed the gathering and introduced the resource person Dr. F. Silviya, Assistant Professor of Mathematics, Sacred Heart College ,(Autonomous), Tirupattur. for the webinar on **Applications of Mathematics in Different Fields.**

Dr. F. Silviya started the session with brief introduction of Sets, Relations, Functions and De'Morgans Applications. She also explained about some interesting facts on multiples of Number three.

Applications of Mathematics in Astronomy and Rocket Launching Analysis, which she explained was very interesting and useful to all the Research Forum Students of Mathematics Department - Shift I . After the resource person's talk, the webinar was concluded with the vote of thanks given by D.Dolphin Lydia Jovita, II M.Sc Mathematics.

Research Forum (2021-22)

PG and Research Department of Physics (Shift-I)

Consolidated Report

The research forum students in the PG and research department of Physics (Shift-I), Sacred Heart College (Autonomous) were given exposure to different research programs during the year 2021-2022. About eleven programs were conducted during the academic year 21-22. All students participated in various programmes such as lectures, students' seminars, and paper presentation competitions. The first research forum program was based on motivating the research forum students towards novel research and the session was handled by the research forum staff in-charge Dr. A. Dhayal Raj on 28th October 2021. A clear picture about the topic was provided to the students and the importance of research in the society was pointed out. It was an eye-opening session for students who don't have an insight about research. On 11th November 2021 the research forum students attended a talk on "Ultrafast Laser interference patterning" by Mr. Thirunavukkarasu a Junior research fellow and a research scholar at IIT Delhi. On 16th November 2021, an alumni interaction was arranged for the students with Mr. Deepan Jayakumar who is currently studying in VIT, Vellore. The students of research forum interacted with him freely and gained knowledge about applying for higher studies and research facilities available at VIT, Vellore.

On 24th February 2022, Prof. G. Jayakumar, Assistant professor of Physics, Sacred Heart College, presented the inputs on literature survey and its importance to the research forum students. This session made the students to understand the importance of collecting reprints and doing a thorough literature survey. Mr. Rahul, a Ph.D scholar in Physics, presented inputs on power point presentation to the students on 25th February 2022. The students learned a lot and clarified many doubts. The research forum students were encouraged to prepare and give seminars which may help them to present in conferences without fear in near future. The student's seminars were conducted on 17th and 24th March 2022.

On 18th March 2022, the research forum students learned about poster presentations from Mr. Dominic Savio who is pursuing Ph.D. in the PG and Research Department of Physics. The students participated interactively and gained knowledge about preparing posters and presenting them meaningfully. On the same day, Dr. A. Dhayal Raj gave inputs regarding funding agencies, importance of receiving fundings and how to apply for projects. The research forum students got benefited. Dr. A. Dhayal Raj shared his research experience and his visit to Singapore and Canada among the research forum students on 25th march 2022 to inculcate research interest among them and motivating them to pursue research.

Research Forum Report – 2021-22

“Research is seeing what everybody else has seen and thinking what nobody else has thought.” - Albert Szent-Györgyi

The Faculties from Department of Physics constantly taking effort to ensure/motivate the young minds towards teaching and research. During this academic year 2021-22, to communicate, initially we have created a whatsapp group for this academic year with student representatives. During the month of August students was connected virtually and to get an exposure on various funding/fellowship opportunities for higher studies. In this regard, our own Alumni Mr. James Abraham, Research Scholar, University of Texas, interacted with the students and shared his experience. It was a meaningful and highly interactive. During September 2021, students were asked to write a essay on different scientific topics and there are five students actively participated and shared their essays with our research forum members. On 21st December 2021, Dr.K. Srinivasan, Professor and Dean (faculty of Science), Department of Physics, Bharathiyar University, Coimbatore, Tamil Nadu, India. An informative talk was delivered by the resource person on the topic of higher education opportunities (HOPE) for science students. On December 4th, 2022 the hands on training programme on origin software was organised. Our 2nd M.Sc students were actively took part and learnt about graph plotting and XRD diffraction analysis. Our students learned FTIR analysis and plotting of graph using ORIGIN tool. On 11th April 2022, students gathered and discussed about upcoming events like seminar and series of Quiz which will be completed before the end of April.
