## Sharing Day Report

On 18<sup>th</sup> December, 2021, our college celebrated Sharing day with the Transgender. We were very happy to see such good hearted people. It is a one day program. Other department students also went to different places. On that day, we came at 8 in the morning and we planned what to do for them. Even before hand, we started planning and we wanted to go to a school or an orphanage home but other departments had already fixed those places. So we did not have any other choice.

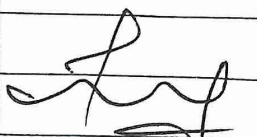

On 17<sup>th</sup> night, we changed the plan and we decided to move on to another place. On 18<sup>th</sup> we came early and we started preparing for that and also we were waiting for the people who came late. At 10am we started towards the Transgender's the place, which is in Sakthi nagar. So, we talked to the place. At 10.30 we reached the place.

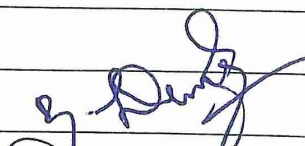

These great people called us with a joyful heart and a happy mind. Then they told us to sit and they prepared tea for us. The boys gave some gifts to the people like, 25kg of rice, eggs and some things for daily use and all were given to them. Then they spoke about their worries and what they faced in the society and how the society treated them. After that, our girl students sang a song for them and dedicated a song. They enjoyed that song after that they gave dance performance for us that dance was really good.

Such talented people they are and wonderful people. We got good experience and we could understand the people's worries. This is the unexpected day in our college life. We spend one hour with them after that, we moved on to our college.
