7.1.10 Report on the student attributes facilitated by the Institution

The college's five core values—the primacy of God, honesty, respect for all people, being responsible, and the pursuit of excellence—as well as its motto, "ready for every good work," attest to the college's long-standing commitment to the holistic development of its students.

Sacred Heart College provides a range of programs, co-curricular activities, and extracurricular events for students in order to support their diverse range of attributes. Students can develop particular skills and showcase their non-academic qualities through these events and programs. Additionally, they are able to draw a link between their practical experience and academic understanding. Students can gain practical experience in the real world through co-curricular activities. Students' mental and physical health can also be improved by extracurricular activities.

Following are the student attributes enabled by the College

Attributes	Enabled by
Integrity	Being truthful at all times, with everyone, and in all circumstances is the hallmark of integrity. The College makes an effort to support students in developing this trait in both their social and personal lives. This attribute is enforced in the classroom teachings, through value education and religion classes.
Discipline and Punctuality	The college upholds a code of conduct to help students cultivate self-control, punctuality, proper behavior, and professional ethics.
Excellence	The college encourages students to pursue excellence in all of their endeavours and motivates them to do their best.
Team spirit, acceptance	Through sports activity, cultural programs, various clubs the students learn the attribute of team spirit and acceptance.
Critical Thinking	This is developed by various activities like exhibition, quiz competitions, debates, workshops and giving them various responsibilities in the groups and movements in the college.

Communicative	To make students competent in a range of situations and with a wide range of individuals, both verbally and in writing and to help them to communicate their opinions clearly, assertively, and rationally the college conducts special Communicative English classes for the first UG students. Life education department through their life skills classes also helps the students to develop this attribute.
Moral and spiritual values	The formation of moral values is aided by value education courses and invited lectures offered by departments and colleges. Education in religion, prayer, and yearly retreats all contribute to the formation of spiritual values.
Eco- friendly behaviour Eco-Friendly Lifestyle	College conducts special talks, workshops and activities which helps in inculcating eco-friendly habits among our students and help them to live an eco-friendly life style.
Social Engagement /Social cohesion	The College encourages inclusivity among students and fosters empathy, compassion, and sensitivity toward friends and peers. To be socially productive the college has a mandatory outreach program for the UG students where they go to the nearby villages and serve the. Through the NCC , NSS and others groups and movements students are trained to serve the fellow beings and develop a sense of social responsibility.
Gender equity	To inculcate the attribute of gender equity the college exhibits gender equity in the campus. To develop this attribute among the student's college conducts workshops, talks and programs through the departments and women's Cell.
National Values	Students are instilled with a sense of national pride and patriotism by various means such as celebrating the birthdays of national leaders, singing the National Anthem, commemorating national holidays, flying the national flag on Independence Day and displaying the preamble of the constitution in campus.

By participating in all the above said activities and other extracurricular activities, as well as serving in different committees, students enhance their personality, leadership qualities, social skills, and become a responsible Indian citizen. Moreover, it enables individual students to connect their theoretical knowledge with real-world experience, which improves their comprehension of their own skills and professional objectives.
